OUR LOCAL IMPACT

When cancer hits below the belt Sue's Gift is here to help.

2020-2022 STATS:

157 applicants for financial assistance were approved, **\$152,500** was spent to help people facing a gynecologic cancer diagnosis pay their bills during treatment.

181 newly diagnosed patients were matched with one of our 20 trained survivors for emotional support through the **Woman to Woman** peer support group.

360 Teal Good Bags were created and distributed to newly diagnosed patients. These bags are filled with items, hand-picked by gynecologic cancer survivors, that help prepare new patients for treatment. Items include nausea aids, self-care items, coping tools, and information to encourage healthy eating during treatment.

“ Sue's Gift has been a blessing for me during the worst time in my life. I was able to receive a grant to significantly help with our finances & mentoring from another cancer survivor. This support helped me manage the ups & downs that come with treatment. Now in remission, I am mentoring other women during their treatment.”
Leanne - 2 year small cell ovarian cancer survivor, financial assistance grant recipient, and peer support mentor

“ Sue's Gift were the first people to reach out to me for financial assistance during my very devastating and unexpected bout with stage 3B cervical cancer. I'm a single mother with a daughter with special needs. Without Sue's Gift, I wouldn't have been able to make it through. Myself and my family are very grateful to Sue's Gift, they helped me survive for my children.”
- Cristina financial assistance grant recipient

“ Sue's Gift supported me financially during one of the hardest times of my life. I was blessed to be able to receive their support while I didn't have an income and I was able to focus on my treatments.”
- Brenda 1 year fallopian/ovarian cancer survivor and financial assistance grant recipient.

OUR MISSION:

We believe every woman deserves her best chance at survival regardless of her economic situation. We assist Colorado women with the costs associated with gynecologic cancer diagnoses through our Financial Assistance program.

Our Woman to Woman program trains and empowers survivors, one-year post treatment, to mentor a newly diagnosed patient with the same cancer type.
